SOFTWARE FOR THE WORKING DAY

Bespoke solutions within your existing cost centres

Savings from Day One.

Time savings begin when your tested, accepted solution goes live.

No agreed saving? No charge.

What job does nobody in your office want to do?

Re-entering orders. Checking paperwork. Preparing the same spreadsheet again.

Scan to see what you could save.

Calculator + 60-second pitch

SOFTWARE FOR THE WORKING DAY

Show us the job.

Start with the work that keeps coming back.

- Orders and supplier invoices
- Job sheets and recurring reports
- Delivery paperwork and stock checks
- Collection and delivery planning

01

Show us

Walk us through the task and where the time goes.

02

Agree the result

Agree scope, saving, acceptance test and price before payment.

03

Test and complete

Test the result and saving. Sign the completion agreement; payments then begin.

Software is supplied under licence. Your completion agreement records the accepted result, price, continuing use and support terms.
